Order by number to avoid mistakes.

Smith & Holtum Mfg. Company, Clinton, Wis.

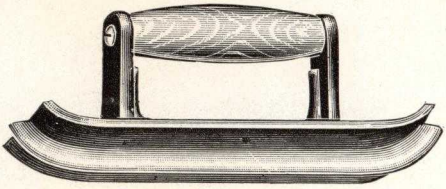
Cement Tools

In issuing this list we have endeavored to include all the tools which are necessary for all kinds of cement sidewalk building. In their manufacture we carry out the ideas of practical cement workers, and from our rapidly increasing business in this line, we know that our tools are the ones they want.

They have the correct shape and are made of the very best material, highly finished.

We would recommend our **Bronze Metal** tools as the most satisfactory; they will always scour, will not break or rust, and being made of **Extra Hard Bronze Metal** are very serviceable.

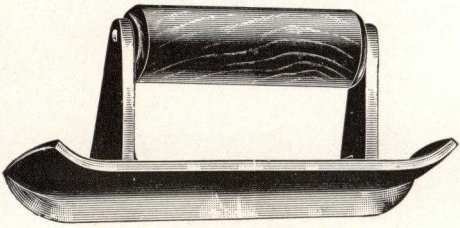
For those who want a cheaper tool, we make most of our styles also in iron, giving them a high polish, and an extra heavy nickel plate to prevent rusting.



Jointer

This Jointer is 2¾ in. wide by 6 in. long with both ends rounded, cuts ½ in deep.

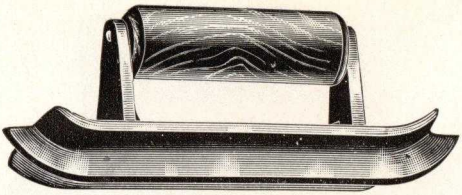
No. 1, Iron, nickel plated, per doz.....$ 7.00
No. 01, Solid Bronze, per doz 15.00



Edger

This tool is used for finishing the edges. It is 2¾ in. wide by 6 in. long with both ends rounded. has a ¾ in. turned edge with a radius of ⅜ in.

No. 2, Iron, nickel plated, per doz ....$ 7.00
No. 02, Solid Bronze, per doz..... 15.00



Driveway Groover

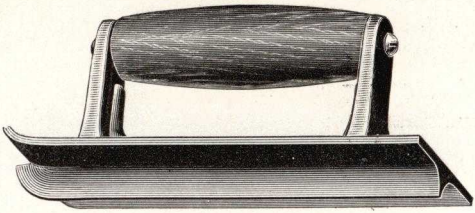
For making grooves in driveways, etc. It is 3 in. wide by 9 in. long with both ends rounded, cuts ½ in. deep.

No. 3, Iron, nickel plated, per doz	**$ 14.40**
No. 03, Solid Bronze, per doz	**21.60**
No. 7, Wider cut than No. 3 per doz	**14.40**
No. 07, Wider cut than No. 03 per doz	**21.60**

¾ in. Edger

This tool for finishing the edges is 3 in. wide by 6 in. long, both ends rounded. It has a 1 in. turned edge with a radius of ¾ in.

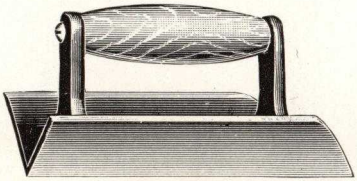
No. 4, Iron, nickel plated, per doz	**$ 8.00**
No. 04, Solid Bronze, per doz	**17.00**



Straight End Jointer

This tool is very desirable where joint is to be made in a sharp corner against frame-work. as one end is straight and one rounded It is 3 in. wide by 6 in. long.

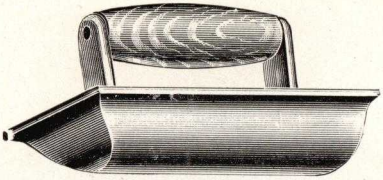
No. 5 Iron, nickel plated, per doz.....$10.00
No. 05 Solid Bronze, per doz..... 17.00



Corner Tool

This tool is for finishing the corners of steps, etc. As the cut shows has one end straight and one end curving back, allowing the user to work in corner against frame-work. It is 6 in. long with sides 1½ in. high.

No. 6 Iron, nickel plated, per doz.....$ 10.00
No. 06, Solid Bronze, per doz..... 17.00



Gutter Tool

For making gutter 1 in. deep by 3½ in. wide.

No. 8, Iron, nickel plated, per doz..... ....$ 14.40
No. 08, Bronze polished, per doz 21.60

For gutter 1½ in. deep by 5 in. wide.

No. 9, Iron, nickel plated, per doz..... ....$ 18.00

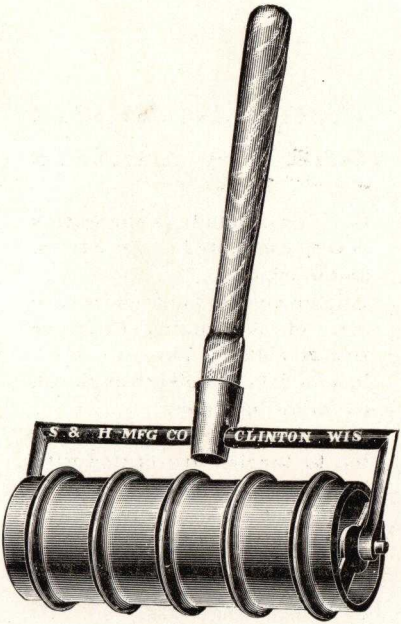
Indentation Roller

For imprinting surfaces of walks, etc., making fine finish and preventing them from being slippery.

No. 015, Bronze, 10 in. long, each..... $ 12.00



Driveway Roller

For Finishing Driveways. Makes ¼-inch grooves 2 inches apart.

No. 016, Bronze, 10 in. long, each.....$ 10.00

House Numbers and - - Letters

Our line of numbers and letters is very complete in sizes, styles, and finishes.

All our numbers and letters are cast of Aluminum, Brass or Bronze metal. These we finish in a variety of finishes as shown on following pages.

Any of the finishes that are liable to tarnish are coated with lacquer which is weather proof We do not make any iron numbers or letters as they can not be finished so they will not rust when exposed to the weather.

See our Automobile Numbers on last page.
